1205-Dhaka, Bangladesh

OBJECTIVE

The interest partook in my journey from a non-CSE background to the field of Software Developer. This is because as a Software Engineer, I will be able to build a perfect blend of creative and technical expertise in my career. I look forward to working with like-minded professionals

SKILLS

Expertise: HTML5, JavaScript ES6, TypeScript, Tailwind CSS, DaisyUI, React.Js, Antd, Shadcn, Firebase, Rest API

Comfortable: Express.js, Node.js, NoSQL, MongoDB, Mongoose, Redux, React Native

Tools: VS Code, GitHub, Netlify, Vercel, Chrome Dev Tools and Debugging, Figma, Postman

Extra Skill: Passionate, hard-working with a strong drive for continuous learning and growth

PROJECTS

Stationery Shop API (A Scalable E-commerce Backend Solution)

[Live Link](#) | [Client Side Link](#) | [Server Side Link](#)

Technologies Used: TypeScript, Node.js, Express.js, MongoDB, Mongoose, Zod

- Implements a robust role-based access system (users, admins) for secure operations.
- Efficient CRUD operations for managing products, users, and orders.
- Schema Design:
 - Users: Manages user roles (user, admin) and authentication.
 - Products: Includes attributes like name, brand, price, model, stock status.
 - Orders: Tracks purchases, linking users, product details, total price, and status.
- Advanced Query Features: Filtering, sorting, pagination, and soft deletion support.
- Validation & Security: Ensures data integrity using Zod and Mongoose middleware.

Vroom Vroom Toys (An exciting Toy Marketplace for entertain of all ages)

[Live Link](#) | [Client Side Link](#) | [Server Side Link](#)

Technologies Used: React.js, TailwindCSS, DaisyUI, Firebase, MongoDB, Express, Node.JS, Vercel

- Guests explore Home, All Toys, Blogs; toy details exclusive to logged-in users.
- Sellers have the ability to add, update, and delete toys.
- User registration with Name, Photo, email, password, GitHub, Google; seamless back-end data integration.

Chef Recipe Hunter (A website that showcases recipes from top Chefs)

[Live Link](#) | [Client Side Link](#) | [Server Side Link](#)

Technologies Used: React.js, Tailwind CSS, DaisyUI, Firebase, Express, Node.JS, Vercel

- "View Details" button redirects a non-user to login due to Private Route protection.
- All the dynamically generated data is seamlessly integrated from back-end.
- The Website boasts a responsive design across devices.

EDUCATION

B.A in Sociology

INSTITUTION

Dhaka College (2019 – 2023)

COURSES

Complete Web Development Course

Programming Hero (28th December, 2022 – Present)

LANGUAGE

Bangla (Native) | English (Comfortable) | Hindi (Conversational)

HOBBY

Photography
